Natural Resources Team for NSA Mid-South,

On behalf of the Installation Commanding Officer, the Public Works Officer, and the Environmental Director at NSA Mid-South, I wanted to thank you again for attending our FY12 Annual INRMP Review on September 19, 2012. Thanks to everyone's participation and contributions, it was a productive and informative meeting.

Please find attached the minutes of our proceedings, as well as the Installation Commanding Officer's Approval Letter, and the final data call for the Navy's Natural Resources Scorecard for NSA Mid-South, as validated by the attendees during our FY12 Annual INRMP Review. Please refer to paragraphs 8 and 9 of the minutes for future action items. If there are any corrections or additions, please let me know.

Since I had previously emailed the other supporting handouts, which we discussed during the meeting, prior to the Annual Review meeting as attachments to this original email, I did not attached them to this email.

Again, we would like to express our appreciation to everyone for participating in the Annual Review as well as for your preparation in anticipation of attending. We look forward to your participation during the FY13 Annual Review next year as well as your willingness to continue to support NSA Mid-South with your efforts and expertise. Happy Thanksgiving!

Very respectfully,

Rob Williamson

Natural Resources Manager

NSA Mid-South

Subject: 2012 Integrated Natural Resources Management Plan Review for NSA Mid-South
When: Wednesday, September 19, 2012 9:30 AM-11:30 AM (GMT-06:00) Central Time (US & Canada).
Where: Building 455,

Natural Resources Associates,

The Commanding Officer of the Naval Support Activity Mid-South at Millington, TN, in conjunction with the Public Works Officer and the Environmental Director would like to invite you to attend the 2012 Annual Review of the installation's Integrated Natural Resources Management Plan on Wednesday, 19 September, 2012, from 0930 until approximately 1130 (Central Time).

We would like to solicit your input to help us properly assess the progress, effectiveness, and thoroughness of our program implementation. We may email to you various documents prior to that time to assist with your understanding of the integration of our unique natural resources.

Please respond to this electronic invitation with your intention to either participate in person or by telephone conference call. For those few who only participate by telephone, please call this "dial in" number: 866-630-3472 and provide the pass code, which is 8109877. We would request that you call in no later than 0925. The conference network will open at 0920.

We are looking forward to your participation once again this year. Please feel free to call me at 901-874-5399, if you have any questions. Thanks.

Very Respectfully,

Rob Williamson

Installation Natural Resources Manager
